

January 2008 -

"I want to thank Jill, Kathy and Faye for the wonderful care my mother, Dorothy...., received in this beautiful facility. They and all their staff should be proud of the service they rendered to the residents over the years. My wife and I visited my mother many times over the past six plus years and each time was impressed with the genuine care and concern everyone displayed to us and more importantly to the residents. As my mother's health dwindled in her last month or so, the care and concern intensified to include all hours of the day and night. We could always leave knowing that she could be in no better facility. With the guidance and aid from Northwestern HomeCare Hospice working with The HOMEPLACE staff, I am convinced that her life was extended not only in terms of time, but more importantly in quality. Many times mother told me that she was lucky to be able to live at The HOMEPLACE. I am pleased that she could finish her life in a place she loved and felt loved.

Thank you HOMEPLACE for being there for us." —Dave and Sue....

AN INVITATION TO YOU!

It's your choice whether assisted living is right for you. Schedule a visit to The HOMEPLACE, at any one of our locations, for yourself or a family member. Then you will see The HOMEPLACE difference first-hand.

ASSISTED LIVING

SENIOR HEALTH CARE APARTMENTS

www.thehomeplaceof.com

WHO WE ARE:

Caregivers committed to serving elderly in need of assisted living.

OUR MISSION:

We provide senior health care apartment homes and health care services to individuals and couples 55 and over.

OUR FOUNDATION:

As privately owned companies, each HOMEPLACE is dedicated to the service of Jesus Christ as we serve others.

OUR PURPOSE:

- We provide the safest and best care possible.
- We work to serve fantastic food.
- We attempt to provide flexibility in all aspects of the care we give.

HOSPITALITY CARE

- Utilities with self controlled heat and air in each room
- 24 hr emergency call system
- Invitation to participate at in-house activities and sponsored outings
- Guest room for use by family and friends in most locations (subject to advanced reservation and availability)
- Three homemade meals daily, 365 days a year, featuring a menu specializing in locally inspired dishes
- Apartment cleaning; semi-annual spring/fall cleaning and daily upkeep of apartment
- Personal laundry

HEALTH CARE

- Start of personal care in basic fee
- Respite & recovery care
- Overseeing all aspects of medication administration in apartment
- Overseeing and verifying self administration of medication
- Incontinence assistance
- Diabetes care
- Rehabilitation provided with outside agencies
- On site doctor (some locations)
- Emergency assessment and oversight of an emergency transport
- Local transportation to health care visits
- Hospital & nursing home coordination for discharge to The HOMEPLACE
- Hospice care & home care agency coordination
- Submission of Assisted Living Insurance Claims to 3rd party

RCAC ALTERNATIVE

Retirement apartments, Home Care Services, Group Homes and Community-based Residential facilities have all influenced the development of Assisted Living. The newest type, a “Residential Care Apartment Complex” or (RCAC) uses the idea:

“WHY NOT LET THOSE NEEDING ASSISTANCE CHOOSE THE SERVICES THEY NEED?”

The HOMEPLACE is a state-registered, RCAC designed by an RN supporting this idea.

WHAT DO WE PROVIDE?

We think of The HOMEPLACE, apartments as “Health Care” apartments. That’s because our assisted living tenants live in their own apartment where they retain freedom and independence while receiving health care and household assistance. Couples can stay together and family members can visit, eat meals and even spend the night.

As tenants age, the need for personal care may increase, and The HOMEPLACE staff are ready to respond. As a RCAC we can provide up to 28 hours of personal care per week. If needed, hospice care can also be arranged without any need to move.

WHAT ABOUT FINANCES?

We welcome not only those who have the means to pay for themselves, but also those receiving government assistance.

If you need assistance with costs, your local county human service agency must approve you for assisted living and administer funding. We can help you find that resource in your county.

Tenant rights at The HOMEPLACE are overseen by the State of Wisconsin and reviewed through the Department of Health and Family Services. Under these statutes, tenants retain all the rights granted to any renter of housing in the State of Wisconsin.
